CSS3, JAVASCRIPT, BOOTSPTAP,
PHP, JQUERY)

Assuero Mota

Full Stack Web Developer at Pia Solutions Tech | Front-end
Engineer proficient in React, TypeScript, Vue.js and Java
Recife, Pernambuco, Brasil

Resumo

I have 8 years of experience in the technology area, where I
began my professional journey in infrastructure and network
administration. For the last 4 years, I have been focusing on Full-
Stack development, improving my skills in PHP, JavaScript, React,
TypeScript, Next Js, Vue.Js, Angular, Tailwind, SASS, SCSS,
BootStrap, Mobile Programming with React Native and also Data
programming with VBA, SQL, I have knowledge in WordPress.
Additionally, I have knowledge in Power BI, creating automatic tasks
in VBA programming, Excel Dashboard and Advanced Excel.

In terms of my academic background, I am currently pursuing a
degree in Computer Network Systems and Systems Analysis and
Development, which I am set to complete in December. I have also
completed a technical course in Computing and a professional
course in IT.

Continuously seeking new opportunities to learn and grow, I am
highly motivated by challenges that allow me to leverage my skills
and create customized and innovative solutions. Moreover, I possess
advanced reading skills and conversational Mid-level in the English
language.

Experiência

Pia
Full Stack Developer - Pleno
junho de 2023 - Present (4 meses)
Nova Jersey, Estados Unidos

Web Development

• Programming Languages: PHP, JavaScript and Java

• Frameworks or Libraries: NextJs, React, TypeScript, VueJs, Laravel,
Electron, TailWind, BootStrap, Sass and Scss.

• CMS: WordPress

• Markup Languages: HTML, CSS

• Database: SQL-Server, MySql and MongoDB.

Mobile Development

• Programming Languages: React-Native

My main activities:

•Efficient development using programming languages such as HTML, CSS, JavaScript, PHP, TypeScript, React, VueJs, NextJs, ElectronJs, LaravelPHP, MySql, MongoDB, WordPress, TailWind, BootStrap, Sass and Scss.
•Creating attractive and responsive user interfaces using frameworks like React, Angular, and Vue.js.
•Developing robust back-end applications using frameworks such as Php and Node.Js.
•Collaborating with design teams to translate business requirements into technical specifications and implement appropriate software solutions.
•Working closely with other developers, designers, and stakeholders to ensure project delivery within established deadlines and quality standards.
•Actively participating in code reviews and performing unit testing to ensure software stability and quality.
•Identifying and resolving performance, security, and usability issues to deliver high-quality software.
•Staying updated with emerging trends and technological advancements in web and mobile development and proposing innovative improvements to the development process.
Properly documenting code, processes, and technical decisions throughout the software development lifecycle.

Litoraneus UV
Junior IT Systems Analyst
julho de 2022 - junho de 2023 (1 ano)
Recife, Pernambuco, Brasil

Software Development

• Creating and modifying user usability permissions.

• Developing custom tables tailored to the specific needs of the company, enabling more informed and accurate decision-making using the SQL database language.
• Developing customized dashboards to enhance the visibility of specific data.

Web Development

• Programming Languages: PHP, JavaScript
• Markup Languages: HTML, CSS
• Frameworks or Libraries: React and TypeScript
• Database: SQL

Systems Administration

• Utilizing Active Directory services to manage users, computers, and other resources across various departments. Configuring security and access policies, managing groups and user permissions, and automating account and resource management processes.
• Configuring various software on operating systems and network devices. Providing user support across different technological segments implemented in companies, ensuring that users are well assisted and equipped with the necessary tools to efficiently perform their tasks.
• Administrative management of all IT management, including the application of security policies, budget planning, and IT project management.

Grau Técnico
Teaching Assistant
janeiro de 2022 - dezembro de 2022 (1 ano)
Recife, Pernambuco, Brazil

• Assist students during practical classes by providing technical support and guidance in solving exercises and problems related to system development.
• Address doubts and clarify concepts, ensuring that students understand the topics covered and the recommended practices in the field of system development.
• Assist in configuring and properly using development tools, programming environments, and operating systems used in the course.
• Collaborate with course instructors by providing feedback on students' progress, challenges encountered, and possible improvements in content and teaching methodology.

CHESF
4 anos 6 meses

Data-Analytics
janeiro de 2022 - junho de 2022 (6 meses)
Recife, Pernambuco, Brasil

Database Administration

• Querying and administering SQL databases.
• Developing PowerBI and Excel dashboards for data monitoring and analysis.
• Creating VBScript scripts for task automation and process improvement.

Administrative Assistant I and II
janeiro de 2018 - dezembro de 2021 (4 anos)
Recife, Pernambuco, Brasil

Responsible for organizing documentation and reports using Excel spreadsheets and various tasks in Word. Proficient in using systems such as SAP, Fleet-Web, Ticket-Log, and other related platforms.

Grupo Marista
IT Support Technician
janeiro de 2014 - abril de 2014 (4 meses)
Recife, Pernambuco, Brasil

Responsible for maintaining various machines, microcomputers, and desktops, including installing and configuring software on these devices. Proficient in troubleshooting and resolving a wide range of computer-related issues.

Formação acadêmica

Faculdade Metropolitana
Postgraduate Degree, Computer Software Engineering · (janeiro de 2022 - dezembro de 2023)

UNIBRA - Centro Universitário Brasileiro
Curso Superior de Tecnologia (CST), Administração de Redes e Sistemas · (2018 - 2021)

TECH
Programação FullStack, Tecnologia da Informação · (abril de 2022 - janeiro de 2023)

Faculdade Maurício de Nassau

Ensino Técnico, Informática · (2015 - 2017)

Universidade Federal de Pernambuco

Bacharelado, Música - Instrumentos de Corda · (janeiro de 2011 - junho de 2014)
